COMBINATION OF ART AND INDUSTRY

TODAY IS THE DAY TO CONNECT
WITH NATURE. START WITH
SOMETHING SIMPLE. MAKE IT
FUN AND EASY. BEFORE THIS DAY
IS OVER, GO TO FIND A WAY TO
REDUCE WATER CONSUMPTION.

ABOUT US

Liro sanitary valves Company was launched in 2018 with the aim of producing quality, beautiful and durable products

The variety of models of shower sanitary valves, dual-purpose sanitary valves (water purification and hot and cold mixing), as well as the variety of colors and having an unconditional 7-years guaranty that will give confidence to customer to Use the kitchen, bathroom and toilet space

Also, this company competes with the world's leading brands every year by producing new molds according to the world's standards in terms of quality and model.

QUALITY

Our sanitary valves are constructed with a 1.9-micron thickness, which is 50% higher than the current national standard criteria. This thickness helps to prevent the glaz of our sanitary valves from wear and tear. The heavier weight of our sanitary valves is due to the brass alloy we use which consists of 60% copper and 36% zinc. The cartridge used in our sanitary valves is under European license, with a reputation of being one of the world's best. The diversity of Liro products is eye-catching and appeals to a wide variety of consumers' tastes and needs.

STANDARDS

Liro uses the E Our management and industrial design teams work non-stop to design products European CE and QAL standards in our quality control management system, which integrate both technological progress and beauty to meet our customers' needs.
